#### 5 Review of last year

- a. What went well?

The committee was in agreement that the assessment at TMCC has come a long way. We have good solid assessment documentation. We also have great participation from all Faculty. The committee feels that making visits to those that may be struggling is a good thing. We want everyone to feel comfortable and not threatened by the process.

- b. What can we improve?

Just continue working on our assessment processes. Maybe tweaking our outcomes  
I am sure you can add something here

#### 6 Discuss goals for next year

- 2. Improve Assessment Review Process

I have no idea what was said here
